

Chapter 7: The Seal

Methods Endure; Narratives Decay

This is the final chapter of Volume I, and it is not a conclusion. It is a lock. Everything before this point has been structural preparation: how to orient without myth, how to anchor against drift, how to correct without collapse, how to distinguish signal from noise. What remains is not to add meaning, but to seal the method—so that what follows cannot be mistaken for revelation.

7.1 Why Seals Exist

A seal is not decoration. It is a boundary condition...
